We do not record the reason(s) for children returning to formal schooling after being electively home educated.

**School Attendance Notices**

Since 2013/14 there has been one School Attendance Notice issued to a parent of an EHE child. This was issued in 2017/18.

**School Attendance Orders**

The Council has not issued any School Attendance Orders (SAO) since 2013/14.

**Inspections/ Informal enquiries**

It is not possible to collate the number of household inspections carried out by the Elective Home Education Team within the appropriate limit allowed for under Section 12 of the Freedom of Information Act 2000.

However, there is an initial “informal enquiry” for each child, which may need to be repeated if there is no response from the parent following the first contact, and then annually thereafter. If however, the education the child is receiving is not considered to be satisfactory, there would be a follow up “informal enquiry” to assess education after improvements have been put in place.
