Anticipated that the whole allocated site (east and west) will deliver approximately 1,500 homes total.  Outline planning permission (20/01238/OUTMAJ) for 1,000 units and 80 extra care housing units (C3) allowed on appeal (APP/W0340/W120/3265460) in May 2022.  In April 2024, a Deed of Variation to the s106 was submitted to inter alia remove the extra-care units element, is pending determination.  There is clear evidence of progression of this allocated site from both the Council's Case Officer and the developer's agent. All necessary Prior to Submission Discharge of Conditions applications have been submitted and approved.  A Planning Performance Agreement (PPA) is in place for this site to agree milestones and progress the submission and assessment of the discharge of conditions applications in a timely manner.  In view of the fact that all the associated pre-reserved matters and other condition requirements are expected to have been determined in advance, it is expected that the first residential phase reserved matters to be determined by end of 2025.  Developer's agent anticipates to start on site in 2025, with a build-out rate across two outlets of 120 units per annum. First completion is anticipated in 2026/27. | 0                     | o       | 0       | 120     | 120     | 120     | 360                                | 640                |

Anticipated that the whole allocated site (east and west) will deliver approximately 1,500 homes i total.  Outline planning permission (23/01585/OUTMAJ) granted in December 2024.  Given that the site has an outline planning permission and firm progress has been made towards submission of reserved matters including site assessment works and discharge of conditions, there is clear evidence that housing completions will begin on site within 5 years.  The developer anticipates a start on site in late 2025 and into early 2026. The delivery of 30 units is expected during 2026/27 with 60 units in the following years until completion in 2032/33.   | 0                     | 0       | 0       | 30      | 60      | 60      | 150                                | 210                |

Development under construction Suitable: Allocated site in adopted Core Strategy Achievable: Western and central parcels complete. Final phase (eastern parcel of 597 dwellings) under construction. Phasing based on lastest information available from David Wilson Homes. Developer anticipated that the remaining 244 dwellings will be completed by Summer 2028. There is a reserved matters application (23/01100/RESMAJ) proposed to reduce the overall total number of dwellings across Eastern Parcel by 116 dwellings (from 713 to 597 dwellings), approved in June 2024.   | 38                    | 9       | 6       | 122     | 60      | 47      | 244                                | 0                  |

The site is located within River Lambourn SAC Catchment Area. Development on this site will connect to the East Shefford WWTW, and it is anticipated that the phosphorous mitigation requirements will be reduced by 90% by 1 January 2025. On-site mitigation measures have been identified. Landowner also owns farmland within the catchment area that can be used as off-site nutrient neutrality mitigation. However, the planning agent has indicated that they explored various mitigation options but none that are able to be progressed. At the current time the Council is in the process of working on strategic mitigation solutions for achieveing nutrient neutrality i.e. mitigation credits, therefore the Council takes a more caudious approach to consider the site not deliverable within the five year period. Non-Material Amendment to approved application (24/01393/NONMAT) to allow planning permission 20/00912/FULEXT to be phased was approved in October 2024. Commencement of Phase 1, comprising the access road has been commenced in order to ensure that the permission does not expire. Some pre-commencement conditions have been discharged in October 2024. The site is located within River Lambourn SAC Catchment Area. Development on this site will connect to the Chieveley WwITV, and it is anticipated that the phosphorous mitigation requirements will be reduced by 50% by 2025. The site is owned by a developer. The developer has highlighted the requirement to discharge conditions in relation to Nutrient Neutrality and an application is pending. Developer-led mitigation measures have been identified and the developer is in the process of securing off-site nutrient neutrality units to discharge the condition.  The developer has indicated that they are in the early stages of securing off-site nutrient neutrality units to discharge the condition. Given this uncertainty, the Council adopts a cautious approach and considers the site not deliverable within the five-year period. However, as the proposed development is small in scale, its delivery within this timeframe is likely once further progress is made. | 0                     | 0       | 0       | 0       | 0       | 0       | 0                                  | 16               |

Site allocated in Housing Site Allocations DPD Achievability: Outline planning application (17/03/290/OUTMAJ) for up to 21 dwellings approved in Nov 2018. Section 73 application to vary the approved plans (19/02/93/OUTMAJ) refused in July 2020 and allowed at appeal in September 2021.  Reserved matters application (21/02/92/3/RESMAJ) submitted in November 2021 and is pending determination.  The site is located within within River Lambourn SAC Catchment Area. Development on this site will connect to the Chieveley WwTW, and it is anticipated that the phosphorous mitigation requirements will be reduced by 50% by 1 January 2025.  The site is owned by a developer. The developer has indicated that an alternative solution to the drainage issue was submitted to the Council in September 2024. This is now being considered by the Council's Ecology Team.  Given that the site has an outline planning permission and firm progress has been made towards approval of reserved matters, it is realistic that housing will be delivered within the five year period. However, in light of the additional mitigation work required, the Council takes a more cautious approach to phase the development later in the five year period. | 0                     | 0       | o       | 11      | 10      | 0  | 21  | 0                  |

Application 15/02842/OUTMAJ for 325 units and 70 extra care units allowed on appeal March 2017. Included within amended settlement boundary in HSA DPD. Reserved matters 21/03256/RESMAJ for 290 units including 70 extra care units, 119 apartments and 101 houses approved in March 2023.  Phase 1 of the Lakeside development: Reserved matters 20/00663/RESMAJ for phase 1 for 7 dwelling off St Ives Close approved in November 2020.  S73 permission 22/01933/RESMAJ allows for the construction of 9 dwellings thus increasing the number of units from 7 to 9 units on the site.  Achievable: The site is owned by a developer. Developer reports that development commenced on site in January 2024. A site visit undertaken in December 2024 that development is at an advanced stage of construction. First occupations anticipated by end of 2025. Phasing used is that anticipated by developer. | 0                     | 0       | 37      | 44      | 36      | 35 | 152                                | 147                |

Full planning permission (23/00115/FULMAJ) for external alterations associated with Prior Approval (18/01904/PACOU) permitted in 24 October 2023. 67 units have completed in 2023/24. However, the prior approval permission has now lapsed.  The previous developer is now in administration, and the site is being marketed for sale. Administrator has indicated that a sale of the property has not yet completed but this is anticipated imminently.  As a re-start on site is uncertain and depends on the sale of the property, there is currently insufficient confidence as to the timing of this. As such, the site is not currently considered deliverable within the five year period. However it could be realistic for dwellings to be delivered within this period should the new owner proceed with the development. | 67                    | 0       | C       | 0       | 0       | (       | 0                                  |
